FORMER TONOPAHN IS A HAPPY BENEDICT

DR. SMITH TAKES MISS SULLIVAN TO WIFE AT SAN FRANCISCO

A wire received this morning told of the marriage of a former Tonopah resident, Dr. E. K. Smith, son of Mr. and Mrs. A. H. Smith, who practiced medicine here from 1905 to 1910, since which time he has resided in San Francisco. His bride is Miss Kathleen Sullivan of San Francisco, who has been a frequent visitor to this city.

The ceremony was performed Saturday evening at the home of the bride's aunt, Mrs. Sullivan, 316 Pierce street, San Francisco. They will remove to Lovelock, where the doctor will practice his profession.

CONVICTS OBJECTED TO HAVING GUARD

According to the Carson News, a number of the convicts at the prison farm threatened to strike yesterday when Warden Dickerson made it known that a night guard would be placed there to keep watch over the men during the nights. The movement was quickly taken in hand by the warden and as a result five of the instigators of the strike have been transferred to cells at the prison. The night guard went on duty last night and a close watch will be kept on the men to see that the rules of the institution are lived up to, and it is assured now that there will not be a repetition of a case similar to the one that took place when the negro convict attempted to burglarize the premises of Vera Marx.

BIG PRODUCTION BY LUNING PROPERTIES

CLAIM OWNERS AND LEASERS ARE GETTING A LARGE EXTRACTION

Mr. J. N. Adams, the Luning merchant and mining man, was in town this week attending to his duties as grand juror. Mr. Adams believes that the Luning district is entering into an era of activity and production that is destined to make it one of the most important factors in the mining industry of the state, and he has an imposing array of facts and figures that more than substantiate his claims. Mr. Adams furnished us with the following report of the activities of the district:

The New York canyon properties, which are being operated largely by leasers, have a very promising outlook for a largely increased production. The condition of the road to this section is such that it is at present impossible to ship the ore, and about 10 cars of ore are now on the dumps. The roads from Luning to the north-side districts are the greatest handicap that the operators there have to overcome, as the soil is such that even a light rainfall in the summer makes it impassable for days at a time.

From New York canyon Waist and Rackliff are the heaviest ship pers. They have exposed a large body of ore on their Mayflower claim and have their ore bins filled to their capacity, and have been compelled to stop work until the road in in condition to permit shipments. They are prepared to ship three cars a week under more favorable road conditions. Watson & Doehman will ship three cars per month from the Neversweat property in New York canyon.

C. W. Spaulding is leasing on the H. B. Little property, and is shipping 8 per cent ore.

John O'Connell, an old time chlorider of this section, has a carload of 20 per cent ore awaiting shipment.—Bulletin.

MOOSE ACCEPT CHALLENGE

The bold deft thrown out by the Fraternal Order of Eagles has been answered, and in no uncertain terms, by the Royal Order of Moose. They will contest at indoor baseball in the

MILLERS WILL COME FOR SWEET REVENGE

PRELIMINARY BETWEEN TWO HIGH SCHOOL GIRLS TEAMS WILL BE STAGED

The Tonopah city team will meet the quintet from Millers at the Air-dome tomorrow evening for their second game this season. The Miller's team have been practicing on its ground court for the last two weeks and claim that their team is in far better shape than when they played here last December. All who remember the last game are assured of a fast and even contest when the teams line up tomorrow evening as on the last occasion Millers was ahead of Tonopah during the first half, but was unable to keep up the pace set by themselves during the latter part of the game. Tonopah will play Bunkerville during the first week in March and are now starting out to get in shape for that contest which will certainly be the best game ever held in Tonopah. Every one seems to think that the city team will not have a show with the fast lads from the south, but the boys themselves think otherwise, especially as Richard Sheehy, who was considered the best forward on any of the coast teams, will be added to the ranks of the locals in a few days.

The preliminary game between two of the girls' high school teams will also be staged. The girls are in need of practice on a fast floor such as the Air-dome affords, especially as the floors in the northern part of the state are somewhat larger than the school gym.

The lineup for both games will be announced tomorrow. There will be no dance after the games as the boys have no desire to run opposition to the Eagle's masquerade to be held at the Miner's Exchange hall the same evening. Both games will be over in plenty of time and all who wish to attend the mask ball later may do so. The first game will start promptly at 8:00 and both games will be run thru as fast as possible. The price of admission to both games will be twenty-five cents.

VISITORS' DAY AT PUBLIC SCHOOLS

PROGRAM ARRANGED SO THAT ALL THE WORK MAY BE VIEWED

Everything will be in readiness for the "visitors' day" in the city school tomorrow. This will be the first time in the history of the schools that a day has been designated for the particular purpose of asking all patrons to visit the schools and thoroughly inspect the work being done. The public is now well informed concerning the success attained by the schools in the various side issues attempted the present year. However, the board, the superintendent, the teachers and the pupils know full well that these are, after all, only side issues and they want the public to know, as they themselves do, that the interest taken in the various side lines is being utilized to the utmost to assist in securing better results in the regular work of the schools. For this purpose tomorrow has been set aside as "visitors' day" and every person in the town is cordially invited to be present at some time during the day or, if possible, all the day. All the various rooms and departments will have on display some of their recently completed work and, in addition, will be carrying on the regular work of the day. Visitors will be asked to consider themselves at home and to enter and leave any room at pleasure. Programs will be found posted on the doors of the various rooms. Elsewhere in this issue will be found some general announcements of the day's program.

VISITING DAY PROGRAM

The domestic science department, from 9:00 to 9:45, 7th grade sewing; from 10:30 to 12:00, 8th grade cooking; from 1:30 to 2:50, high school sewing.

In the manual training department the boys of the grades above mentioned will have their shop work at the same hour the girls are having cooking or sewing.

In the kindergarten department the class of four year olds will be in session from 9:00 to 11:00 and those over five from 1:30 to 3:30.

Mrs. Cureaux's class in handwork will be busy from 11:30 to 12:00.

At 3:00 p. m. visitors will be invited to the gymnasium for a short program. Miss Taylor's class will give a folk dance; Miss Smith's class will entertain with a wand drill; Miss Sullivan's class will present a folk dance; Miss Gower will give a song and drill by pupils from Miss Malley's

CALENDARS CALLED IN THE DISTRICT COURT

Judge Averill called the court calendars this morning in the district court, as follows: Civil—Martin Evensen vs. Mt. Oddie Mines Co., Steve Ambulla vs. E. Martinoni. Law and Motion—Harrison Hill vs. C. J. Kanrohat, Thomas Owens vs. C. J. Kanrohat, C. E. Gillette et al. vs. Peter Chocklet, Tonopah Sewer & Drainage Co. vs. C. M. Megluniss.

VOLUNTEER GYM WILL BE FULLY RESTORED

BUSINESS MEN AND MINING COMPANIES AID FIRE FIGHTERS IN TIME OF NEED

At an expense of about \$180 the damage to the Tonopah volunteer fire department gymnasium can be repaired and work has already started. The finance committee has made a canvass of the town and has secured pledges from the business men and mining companies to cover the cost.

An effort will be made by the reorganized department to get its accounts squared and hereafter conduct the affairs of the institution on a cash basis.

CROSS-CUTTING IN THE SANDSTORM MINE

WORK IS PROGRESSING AT GOOD RATE ON 700-FOOT LEVEL

Cross-cuts are being driven east and west at a depth of 700 feet in the Sandstorm-Kendall Consolidated property, having been started from the bottom of a winze sunk from the east cross-cut on the 500-foot level. On the latter level this cross-cut exposed two large parallel veins, the one further to the east, known as the main Sandstorm vein, being no less than 70 feet in width and containing many large seams of ore assaying all the way from \$20 to \$70 per ton, with occasional assays of over \$100, says the Tribune.

From the bottom of the winze, on the 700-foot level, the east cross-cut was started several months ago to cut the main vein, but the latter evidently flattens greatly below the 800 level and has not yet been penetrated, although the cross-cut has exposed many seams of vein matter and ore, apparently off-shoots of the main vein. The west cross-cut has not yet reached the point where it is expected to penetrate the second vein. Both are being continued and when the veins are exposed they will be explored by drifts and this will be the first time to carry on development below the permanent water line, which appears to be just below the 500-foot level. The prospects are now regarded as highly encouraging.

RECEIVES NEWS OF HIS MOTHER'S DEATH

MRS. MARY T. ELLIS PASSES AWAY AT JAMESTOWN, NORTH DAKOTA

Duncan McCrimmon of Tonopah received a telegram this morning bringing the sad tidings of the death of his mother, Mrs. Mary A. Ellis, at Jamestown, North Dakota. The deceased was aged nearly eighty years. She was born in Ireland and came to Canada in 1849, where she married and in 1862 came to Michigan.

Eight children survive by her first husband: Duncan McCrimmon of Tonopah, Jack and Dan of Stockton, Cal., Harry in Alaska and two daughters in Washington, one in Chicago and

and Miss Slavin's rooms; Miss Robb's little folks will give a folk dance; Miss Filkins will give Indian club drills by the eighth grade and by the seventh grade.

After the program light refreshments will be served to the visitors. Everybody is invited.

PERSONAL

RAY SHEAR was a Sunday visitor to Goldfield.

J. W. STARKEY and wife are in from Hot Creek.

CHARLES R. RADER of Lennep, Montana, is stopping at the Mizpah.

HARRY McNAMARA had mining business in Goldfield yesterday.

J. C. MARTIN came over from Goldfield yesterday, returning this morning.

WALTER F. RICHARDSON, of the Bonanza force, visited relatives at Goldfield yesterday.

CLARENCE SAGE passed through Tonopah yesterday on his way from Goldfield to San Francisco.

JUDGE FOLEY was a passenger on the southbound train this morning on his way to his home in Goldfield.

F. S. HUNT, the proprietor of Hunt's Hygrade, was a Tonopah visitor this morning between trains.

CHARLES HUBER, deputy mine inspector, returned yesterday from a trip to the Gold Crater country, where he had official business.

MAURICE J. SULLIVAN, lieutenant governor, was a passenger on this morning's train on his way from Carson City to Goldfield.

MILTON M. DETCH returned this morning from Reno and Carson City.

PAT MOONEY returned this morning from Reno, where he attended the meeting of the Democratic state central committee.

AMUSEMENTS

BUTLER THEATER

Valli Valli, the popular and talented English actress, will be seen in "The Woman Pays," a five-act feature, at the Butler this evening. While she has played important roles in the spoken drama, both in this country and in England, she is perhaps best known for her stellar roles in musical comedy. She was starred in "The Queen of the Movies," which had a successful run at the Globe theater, New York; also prominent roles in "The Purple Road," "The Dollar Princess," and other big stage productions. Miss Valli has been in this country eight years, and during that time has made a place on the spoken stage distinctly her own. A strong cast will appear in her support, including Marie Empress, Edward Brennan, John T. Bowers, Paul Lawrence, Mae De Metz and Mrs. Julia Hurley. There are many tense scenes in this marvelous dramatic picture, one being a big ball-room scene into which a tree is hurled by a storm. This thrilling incident is realistically staged, and shows the master hand of Edgar Jones, who directed the production. The preliminary reel will be Pathe Weekly. Tomorrow, Paramount travel pictures, and Laura Hope Crews, in a remarkable Belasco hit, "The Fighting Hope."

HAD HARD LUCK

Charley Taylor and Harry Stimler arrived in Tonopah this morning after a hard luck trip. They made a hurried trip to San Francisco and stopped over in Reno on their return to take delivery of a six-cylinder car. All went well until they reached Wabuska, where they had a breakdown. While they left the car for a short time someone stole a grip and Harry's \$150 fur overcoat. They completed their journey by train.

CASE ON APPEAL

The West End-Jim Butler case comes up Wednesday, February 23, before the supreme court at Carson City. Big guns in the legal world are already arriving at Reno.
